PROJECTS

Patient-Friendly Discharge Summary Generator | *Python | LLM | RAG | PDF Processing*

Developed Python-based application using LLMs and Retrieval-Augmented Generation (RAG) to transform complex patient discharge documents into clear, patient-friendly summaries. Built a PDF processing pipeline to extract and structure medical information, enabling accurate, context-aware retrieval that improves patient understanding of post-discharge care instructions.

Accident Detection & Alert System using ML | *Python | TensorFlow | CNN | MobileNetV2 | OpenCV | Twilio*

Developed a deep-learning-based system to detect road accidents from images, training and evaluating CNN and transfer-learning models using accuracy, precision, recall, F1-score and confusion matrix analysis. Integrated location-based nearest-hospital identification with automated emergency alerts via Twilio.

Pizza Order System | *HTML | CSS | MySQL*

Developed a full-stack pizza ordering system enabling users to browse the menu, customize items and place orders through an intuitive web interface. Implemented backend logic for order processing, cart management and order tracking, with a relational database (SQL) to store customer, order and menu data with an admin dashboard to manage incoming orders.

Other projects including Bunk75 and Netflix Clone

TECHNICAL SKILLS

- **Programming Languages:** C , Python and Java
- **Technologies/Frameworks:** MySQL
- **AI/ML:** Machine Learning, Deep Learning, CNN, NLP, Generative AI, RAG
- **Web:** HTML, CSS & Javascript
- **Tools:** Git, GitHub, VS Code
- **Core Concepts:** OOPS, DBMS, Data Structures & Algorithms

EDUCATION

Government Pre-University College, Kodihalli — PCMB (2021–2023)

Dayananda Sagar University, Harohalli — B.Tech in Computer Science & Engineering (2023–2027)

ADDITIONAL INFORMATION

- **LeetCode** : solved 25+ problems
- **HackerRank** : Earned a golden badge in python(5-stars)
- **YouTube :** HTML in Kannada by B-star Lectures

CERTIFICATES & ACHIEVEMENTS

- AWS Cloud Foundations Training Badge
- Body Language : A professional key to success by NPTEL

LANGUAGES

English — Professional & Kannada — Native
